

Best Practices in Hand Hygiene¹

Using Alcohol-Based Hand Sanitizer (ABHS):

Apply product to the palm of one hand

Rub hands together vigorously covering all surfaces thoroughly

Should take at least 15 seconds to dry

Using Soap And Water:

Wet hands with lukewarm water

Apply the manufacturer's recommended amount of product to hands

Rub hands together vigorously covering all surfaces thoroughly

Rinse hands with water

Dry thoroughly with a disposable towel and use towel to turn off faucet.

WHERE TO CLEAN YOUR HANDS

Whatever your office needs,
we'll save you.
